- **Provider Participation Required:** Beyond Med membership benefits are exclusively available through our in-network providers. If your preferred provider is not listed or there are no available providers in your area, we encourage you to submit a Provider Nomination Form through the Member Portal.

While submitting a nomination does not guarantee that the provider will join our network, our team will reach out to them to explore their interest in participation. We are always working to expand our network to better serve our members.

- **No Reimbursement:** Beyond Med does not provide reimbursements or make direct payments to healthcare providers or members. Members are responsible for covering the cost of all healthcare services

received. However, they will receive exclusive discounts when using providers within the Beyond Med network, helping to reduce overall healthcare expenses.

- **Hospital & Emergency Services:** No discounts for hospital stays or emergency room visits.

- **Prescription Medications:** Available through a third-party partner but not included as a core benefit.

- **Dental Cosmetic Surgery:** Any dental procedures and related services are not currently covered under our plans, as we do not partner with dental providers.
