

Virtual Care Real Connection

Mental Health Care For Ages 5+ | Covered by your Aetna Benefits

Telemynd began with a **mission of service**, addressing the mental health needs of active duty members, veterans, and military families. This foundation equips our providers to support **public-facing workers** facing **similar stress**. We deliver flexible, quality care that fits **demanding schedules** while **ensuring quality and personalized support**.

Personalized Matching

We match you with a licensed, experienced, in-network provider who's ready to support your unique needs and background with care that's tailored to you.

Flexible Virtual Appointments

Telemynd brings mental health care to you. No commuting, no waiting rooms, and no need to rearrange your day. Our virtual platform makes it easy to get support from your own space, on your schedule.

Comprehensive Care, All In One Place

Whether you need therapy, medication management, or more intensive support, we've got you covered. Our therapy, psychiatry, and specialty programs work together—so your care team stays connected and focused on your goals.

No Hidden Fees

We partner with Aetna to keep things simple—no hidden fees, no guesswork. Our licensed mental health providers are in-network and covered by your insurance, so you can just focus on feeling better.

Who We Serve

We serve all under Aetna including:

Public Service

Healthcare Workers

Military Community

Retail Workers

Educators

TELEMYND

Better Matches Better Outcomes

Meaningful Connections Start Here

We believe better connections lead to better outcomes. With Telemynd, you get more than a therapist or psychiatrist. You're matched with someone who understands your needs and helps you find the right tools to navigate life's challenges.

Why Thousands Choose Telemynd

When you choose Telemynd, you're not just selecting a mental health provider, you're partnering with a team deeply invested in your well-being and experience.
